Bobsleigh CANADA Skeleton is the national governing body for the sports of bobsleigh and skeleton in Canada. As one of Canada's most successful Winter Olympic sports, our program is based upon a platform of strong strategic and performance planning, team work and the relentless pursuit of excellence.

In alignment with our Mission, Vision and Values, Bobsleigh CANADA Skeleton is currently searching for a NBP-Starts & Strength coach, in order to support our National Bobsleigh Program & National Development Bobsleigh Program, to podium performances in PyeongChang at the 2018 Winter Olympic Games and beyond.

The primary role of the position is to work in conjunction with the Strength & Conditioning (S&C)-Lead and NBP-Head Coach and other program staff, in the development and implementation of a technical push program that is well organized, effectively communicated and fully integrated with ancillary program resources (equipment, speed/strength programming, sports medicine etc.).

The responsibilities of the position include, but are not limited to the following:

- Collaboration with the S&C-Lead and NBP-Head Coach and/or other program staff to provide leadership and the delivery of the technical push program and BCS S&C program;
- Develop and implement training and competition preparation strategies for athletes;
- Coach training and competition sessions track side, providing verbal, written or video feedback for each session, including post-session reviews;
- Attend all strategic, logistical or performance related meetings or events as required;

The ideal candidate will be a technically strong team player who possesses excellent communication skills and is able to address the daily technical needs of the Programs, while maintaining alignment with the overall goals of BCS.

The nature of the position demands flexible hours until work is completed to meet the requirements. This includes but is not limited to working extended hours, evenings and weekends, particularly in-season and/or during off-season camps as well as significant international travel periods.
