

NATIONAL BOBSLEIGH PROGRAM CARDING CRITERIA

FOR NOMINATING NATIONAL BOBSLEIGH PROGAM (NBP) ATHLETES TO THE SPORT CANADA ATHLETE ASSISTANCE PROGRAM (AAP) FOR THE 2023-24 CARDING CYCLES

Published: SEP/1/2022 Revised: OCT/14/2022 Approved by Sport Canada: OCT/14/2022

PREAMBLE

The Athlete Assistance Program (AAP) is a federal government grant program that provides direct financial assistance to Canadian high-performance athletes and is one of three Sport Canada programs (Funding-Sport) designed to assist in the development of high-performance sport.

The AAP contributes toward improved Canadian performances at major international sporting events such as the Olympic/Paralympic Games and World Championships.

The AAP recognizes the commitment that athletes make to the National Team training and competitive programs provided by their NSO and seeks to relieve some of the financial pressures associated with preparing for, and participating in, international sport. The AAP financial assistance provides support to athletes in the form of a living and training allowance, plus tuition and supplementary AAP support.

The living and training allowance is intended to offset some, but not all, of the living and training expenses athletes incur as a result of their involvement in high-performance sport, while tuition support is intended to help athletes obtain a post-secondary level education. The AAP is the only Sport Canada program that provides direct financial support to athletes.

Eligible Athletes who are approved for funding and are financially supported through the AAP are referred to as carded athletes. AAP support is also known as carding.

SPECIAL NOTE REGARDING COVID-19 PANDEMIC

Bobsleigh Canada Skeleton (BCS) is carefully following the evolution of the coronavirus (COVID-19) and how it may impact the 2023-24 BCS NBP AAP Carding Criteria and corresponding nominations. With the approval of Sport Canada, BCS reserves the right to modify the published 2023-24 BCS NBP AAP Carding Criteria based on the best available information. Any modifications will be made promptly and will be communicated to all affected individuals as soon as possible.

1. OVERVIEW & INFORMATION

1.1. Carding Types and Levels

Senior International Cards (SR1/SR2)

Senior International Cards are funding for athletes who achieve the <u>Senior International</u> <u>Performance Standards</u> (SIPS), as set out by Sport Canada, at World Championships (WCh) or the Olympic Winter Games (OWG). The following are the current SIPS:

- **1.1.1.** Finish in the top 8 (eight), counting a maximum of 3 (three) entries per country; and
- **1.1.2.** Finish in the top half of the field.

Senior National Cards (SR)

Senior National Cards are funding for athletes who demonstrate potential to achieve the SIPS.

Development Cards (D)

Development Cards are funding for younger athletes who demonstrate potential to achieve the SIPS but are not yet able to meet the Senior International Card or Senior National Card criteria.

1.2. Monthly Living and Training Allowance(s)

Athletes nominated by the High Performance Director (HPD) and approved by Sport Canada will receive a monthly living and training allowance, as applicable, from Sport Canada according to carding status. This allowance is usually paid in advance every two months.

Carding Status Monthly Allowance

Senior International Cards (SR1, SR2) \$1,765 Senior National Cards (SR) \$1,765 Development Cards (D) \$1,060

1.3. Only Olympic Program Disciplines Considered

Athletes in Olympic sports are eligible to be nominated for AAP support based on their participation and training for events that are on the Olympic program. Athletes in Olympic sports competing in World Championship events that are not on the Olympic program are not eligible for carding based strictly on performances in those events.

For the avoidance of doubt, only results from disciplines on the Olympic program are eligible for consideration for nominations to the Sport Canada AAP.

1.4. <u>Definition of "Competed"</u>

For the purposes of this BCS NBP AAP Carding Criteria, athletes are deemed to have competed if they were registered, entered and intended to compete, but were unable to complete the competition because the athlete:

- **1.4.1.** was disqualified (DSO) for any reason other than an Anti-Doping related infraction;
- **1.4.2.** did not finish (DNF) because of a crash or other incident; or
- **1.4.3.** did not start (DNS) for health, equipment or similarly related reasons.

For the avoidance of doubt, if the athlete DNS because the athlete refuses to compete other than for the reasons set out above or was removed by BCS from the competition because the athlete was not in good standing with BCS, for disciplinary reasons or for having breached BCS policies, then the athlete will not be deemed to have competed.

1.5. Process

The HPD is responsible for nominating eligible athletes to the AAP. Sport Canada reviews all nominations put forward by the HPD and approves nominations in accordance with the <u>Sport Canada AAP Policies and Procedures</u> and this published and approved BCS NBP AAP Carding Criteria.

2. NBP AAP CARD QUOTA

The NBP AAP card quota is allocated by Sport Canada on the basis of a number of Senior Cards. For the 2023-24 NBP Carding Cycle (July 1st through June 30th), the NBP is allocated a quota of **22 Senior Cards**, equivalent to a maximum monetary value of **\$465,960**. Eligible athletes are nominated for Senior International, Senior National and/or Development Cards according to this BCS NBP AAP Carding Criteria, up to the maximum monetary value of the NBP AAP card quota.

Sport Canada regularly reviews carding quota allocations for all sports; therefore the NBP AAP card quota allocation is subject to change from time to time. If the NBP AAP card quota allocation differs from that mentioned in this document, the HPD will inform the athletes as soon as possible.

3. NBP AAP CARDING CYCLES

Because of the nature and schedule of the sport of bobsleigh, BCS utilizes 2 distinct NBP AAP Carding Phases within the NBP Carding Cycle to nominate athletes to the Sport Canada AAP:

Pre-Season Carding Phase: July 1st – October 31st; and
 In-Season Carding Phase: November 1st – June 30th.

A "Carding Cycle" is defined as July 1^{st} – June 30^{th} .

An athlete is deemed to be carded for a "Year" if that athlete's nomination has been approved for funding and the athlete is financially supported through the AAP for four [4] months or more in any Carding Cycle.

4. CARDING ELIGIBILITY

4.1. Athlete Eligibility

To be considered for nomination and to maintain eligibility for AAP carding, athletes must at all material times be current National Bobsleigh Program Athletes ("NBP Athletes"), specifically to be a NBP Athlete, athletes must:

- **4.1.1.** be a member in good standing of BCS with current National Team Athlete status having a valid fully executed BCS Athlete Agreement, committed to a BCS approved Individual Performance Plan (IPP), as applicable, paid all outstanding fees owing to BCS and meeting such other associated obligations from time to time;
- **4.1.2.** unless a written exemption is requested by the Athlete to, and granted by, the HPD in advance, participate in and have participated in and/or competed in all required events, camps and/or competitions in the 2022-23 and 2023-24 Seasons to which the athlete was selected to participate, including:
 - NBP camps;
 - Canadian Championships;
 - International Competitions (OWG / WCh / WC / ICC / NAC and/or EC); and
 - Such other mandatory events as may be notified to the athlete from time to time in advance; and

("Season" means the 12 month period from April 1st through March 31st annually)

4.1.3. be eligible:

- to compete for Canada at applicable international competitions under <u>IBSF</u> <u>eligibility rules</u>; and
- under Section 2.3 (Athlete Eligibility Requirements) of the <u>Sport Canada AAP</u> Policies and Procedures.

4.2. Maximum Eligibility Length

In order to maintain carding at the Senior National Card (in any combination of SR and/or C1) and the Development Card levels, athletes are expected to improve each Season and eventually achieve the SIPS. An athlete may be carded at each of the Senior National Card (in any combination of SR and/or C1) and the Development Card levels, respectively, for a **maximum of 5 Years**.

After the 5 Year maximum, only those athletes who demonstrate Season-to-Season improvement, as well as progression toward, and future potential to achieve, the SIPS, will be considered by BCS for further nomination to the AAP. Sport Canada will review such nomination and, in discussion with BCS, determine whether additional support at the relevant card level is warranted.

Note: In order to ensure equality of opportunity to demonstrate improvement, progression and potential, consideration will be given to athletes who miss significant portions of a Season, WCh or OWG because of reasons encompassed in **section 6.**, whereby the 5 Year maximum may be extended by up to one additional Year at the sole discretion of BCS.

Example: If 6 carding months (calculated at the D level) of the NBP AAP Card Quota are remaining and the top ranked D carded athletes have 8 months' carding already allocated, these top ranked D carded athletes will be allocated additional months as follows:

- 4 (for a total maximum of 12 months) for the top ranked D carded athlete; and

6.2. <u>Long-term Curtailment of Training and Competition for Health-Related</u> Reasons Within a Carding Cycle

Carded athletes who are unable to maintain full training and competition commitments for longer than 4 months because of injury, illness or pregnancy will continue to receive 100 percent of the AAP financial support to which they would otherwise be entitled, provided the conditions are met according to Section 9.1.2 (Long-term Curtailment of Training and Competition for Health-related Reasons) of the Sport Canada AAP Policies and Procedures.

6.3. Failure to Meet Renewal Criteria for Health-related Reasons

8. APPEAL PROCESS

Appeals of a BCS AAP nomination decision or of a BCS recommendation to withdraw carding may only be pursued through the BCS Appeals Policy.

Appeals of an AAP Decision made under the <u>Sport Canada AAP Policies and Procedures</u> Section 6 (Application for and Approval of Cards) or Section 11 (Withdrawal of Carded Status) may be pursued through Section 13 (Appeals Policy) of the <u>Sport Canada AAP Policies and Procedures</u>.

The NBP AAP Ranking System utilizes the combination of a **Competition Score** and a **Selection Score**, as applicable, in order to rank NBP Athletes within the **Carding Level Priority** for the purposes of nominations to the AAP.

Carding Level Priority

- Priority 1 Senior International Cards (including Injury)
- Priority 2 Senior National Cards
- Priority 3 Development Cards

Note that "Health" or "Injury" cards, allocated according to **section 6.**, are inclusive in each of the Priority levels above.

For example: a Senior National Card allocated according to **section 6.**, is included in Priority 2.

1. COMPETITION SCORE

The Competition Score is calculated based off the athlete's 2022-23 Season results using their WCh/OWG results and the points achieved from their highest single scoring IBSF race, adjusted relative to the competitive field in each race and/or discipline, as per *Table 1*.

The **Adjusted WCh/OWG Relative Rank (A)** is based on the athlete's result in the specified WCh/OWG competition, relative to the competitive field, by discipline. The number of WCh/OWG Competitors is considered to be the total number of athletes who were ranked in the race. Should the athlete have competed in more than 1 discipline at the WCh/OWG, the result from the discipline netting the highest Adjusted WCh/OWG Relative Rank (A) score shall be used for the purposes of calculating the Competition Score.

The **Adjusted Relative IBSF Highest Score (B)** is based on the points achieved by the athlete's highest single scoring IBSF race in the specified season, relative to the number of athletes on the respective IBSF Overall ranking list by discipline. The number of IBSF Overall Competitors is considered to be the total number of athletes who appear on the IBSF Overall Ranking summary, by discipline, with a point total greater than zero.

The Competition Score (I) is the sum total points of A and B.

Ex. 30 | 1 - (8/30) = 0.77 | Highest single scoring IBSF race achieved by the close of the previous season. Ex. 225 points | Number of athletes on the IBSF Overall Ranking list, in the discipline of the highest scoring single IBSF race, with a point total > 0. Ex. 82 | (225/82)/10 = 0.27 | Sub Total (I) 0.77+0.27 = 1.04 | | | | | |

2. <u>SELECTION SCORE</u>

Points are assigned, according to *Table 2*, to each athlete based on their respective **Physical Performance Score (C)**, the team to which they have been selected to aka **Team Selection (D)** and if they achieved the **NextGen Bobsleigh Pilot (NGBP) designation (E)**.

The Selection Score (II) is the sum total points of (C, D and E) divided by a factor of 10.

3. NBP AAP RANKING

Within each Carding Level Priority, athletes are ranked, whereby the athlete with the greatest point total ranks the highest, referred to as the NBP AAP Ranking, based on the following:

- a) for the purposes of Pre-season Carding Phase nominations, according to the Competition Score (I); and
- b) for the purposes of In-season Carding Phase nominations, according to the sum total of the Competition Score (I) and Selection Score (II), as applicable.

In the event of a tie in NBP AAP Ranking, the tie will be broken by the respective athlete's most recent APE Score, with the higher APE score deemed to be ranked higher.

Table 3 provides an example of the NBP AAP Ranking System and corresponding calculations.

Tables 4 and **5** provide examples of the resulting NBP AAP Nominations and Allocations for the Pre-Season and In-Season Carding Phases respectively.

Table 6

AVERAGE AGE: 31.24 STANDARD DEVIATION: 4.19

ADJUSTED AVERAGE AGE: 31.24 + 4.19 = 35.43

2030 WOMEN'S NGBP YOB THRESHOLD: 2030 - 35** = **1995**

Notes:

^{*} the AGE used for the purposes of calculating the NGBP YOB Threshold is the age of the athlete at the end of the calendar year of the respective Olympic Games.

^{**} the Adjusted Average Age is rounded to the nearest whole number to calculate the NGBP YOB Threshold.

<u>APPENDIX D – PHYSICAL PERFORMANCE SCORE</u>

The Physical Performance Score is calculated utilizing the athlete's current Season Physical (Push & Athletic) testing results as follows:

1. PUSH STANDARD DIFFERENTIAL

– the amount of time between an athlete's single best individual push testing result, recorded during Push Testing, and their respective NBP Push Standard (**Appendix C**). This is multiplied by a factor of 10.

Note: a + value indicates an individual push testing result which faster than the respective NBP Push Standard and a - value indicates an individual push testing result which is slower than the respective NBP Push Standard.

2. APE SCORE

– calculated, in accordance with the athlete's respective APE Scoring Table (**Appendix B**), from the athlete's single best individual athletic testing results. This is divided by a factor of 100.

Table 1 below outlines example calculations for the Physical Performance Score metric.

| ATHLETE NAME | NBP PUSH STANDARD DIFFERENTIAL*10 (A) | APE SCORE/100 (B) | PHYSICAL PERFORMANCE SCORE (A + B) |
