Bobsleigh CANADA Skeleton is the national governing body for the sports of bobsleigh and skeleton in Canada. As one of Canada's most successful Winter Olympic sports, our program is based upon a platform of strong strategic and performance planning, team work and the relentless pursuit of excellence.

In alignment with our Mission, Vision and Values, Bobsleigh CANADA Skeleton is currently searching for a NBP-Starts & Strength coach, in order to support our National Bobsleigh Program & National Development Bobsleigh Program, to podium performances in Beijing at the 2022 Winter Olympic Games and beyond.

The primary role of the position is to work under the direction of the High Performance Director and NBP-Head Coach along with other program staff, to develop and implement a world leading technical push program that is well organized, effectively communicated and fully integrated with ancillary program resources (equipment, speed/strength programming, sports medicine etc.).

The responsibilities of the position include, but are not limited to the following:

- Collaboration with the NBP-Head Coach and/or other program staff to provide leadership and the delivery of the technical push program and BCS S&C program;
- Lead and coordinate off-season training as supported by providers relevant to Individual Performance Plans (IPP)
- Develop and implement training and competition preparation strategies for athletes;
- Coach training and competition sessions track side, providing verbal, written or video feedback for each session, including post-session reviews;
- Attend all strategic, logistical or performance related meetings or events as required;

The ideal candidate will be a technically strong team player with coaching and team management experience at a high level who possesses excellent communication skills and is able to address the technical needs of the Programs, within the overall goals of BCS.

The nature of the position demands flexible hours until work is completed to meet the requirements. This includes but is not limited to working extended hours, evenings and weekends, particularly in-season and/or during off-season camps as well as significant international travel periods.
